And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PE-1138

THIS APPLICATION is to be filed with the Director of Pollution Control, 1106 Cook Street, Victoria, B.C. V8V 1X4.

Any person who qualifies as an objector under section 13 of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of an amendment, stating the manner in which he is affected.

Preamble—The purpose of this application is to amend our current effluent Permit PE-1138 to 1977 Pollution Control Board guidelines for Level A mills regarding suspended solids and BOD₅ discharges. In addition, we are applying to express our discharge on a total pounds a day basis, incorporating a 90 percentile production, and to delete certain effluent tests.

British Columbia Forest Products Ltd., 1050 West Pender Street, Vancouver, B.C., hereby applies for amendments, as described below, to Pollution Control Permit 1138, granted on February 4, 1972,

which authorized the discharge of bio-treated mill effluent from the Mackenzie kraft pulp-mill located at Mackenzie, B.C., to Williston Lake.

Amendments Requested:

Before: Our current Permit PE-1138 requires discharges of less than 12.3 #/AD ton (13.6 #AD tonne) for both suspended solids and BOD₅ based on daily machine production rates.

After: We desire to amend our permit to a total kg a day discharge incorporating our 90 percentile off-machine production of 670 AD tonnes a day for the last 12 months (graphs and data attached) and current Level A objectives for suspended solids and BOD₅. Discharge levels would become BOD₅, 5 025 kg/d; suspended solids, 6 700 kg/d.

The above discharges are based on suspended solids and BOD₅ discharge objectives of 20 and 15 lb. per ADT respectively, and our 90 percentile production.

In addition, we wish to delete the following tests on our treated effluent that are listed in PE-1138: nitrate, phosphate, sulphides, mercaptans, resin acids, residual chlorine, suspended and floatable solids on the ash sluice effluent.

This application, dated on May 3, 1979, was posted on the ground in accordance with the Pollution Control Regulations.

And it is mutually understood and agreed by and between the parties hereto that this Inden-

ture shall be construed as a covenant running with the lands:

TO HAVE AND TO HOLD unto the Grantee, its successors, and assigns forever.

THE GRANTOR HEREBY COVENANTS and agrees with the Grantee that the Grantor will not erect, place, or maintain any building, structure, concrete driveway or concrete patio, on any portion of the Right-of-way:

And that the Grantor will not do or knowingly permit to be done any act or thing which will interfere with or injure the said works, and in particular will not carry out blasting on or adjacent to the Right-of-way, without the consent in writing of the Grantee, provided that such consent shall not be unreasonably withheld:

- (d) will, as far as reasonably necessary, carry out the construction, maintenance, repair, and/or replacement and renewal of the said works in a proper and workmanlike manner so as to do as little injury as possible.

IT IS MUTUALLY UNDERSTOOD, agreed, and declared by and between the parties hereto that the covenants herein contained shall be covenants running with the land and that none of the covenants herein contained shall be personal or binding upon the parties hereto, save and except during the Grantor's seisin or ownership of any interest in the Right-of-way, and with respect only to that portion of the Right-of-way of which the Grantor shall be seised or which he shall have an interest, but that the land shall, nevertheless, be and remain at all times charged therewith:

And that, save as aforesaid, nothing in these presents shall be interpreted so as to restrict or prevent the Grantor from using the Right-of-way in any manner which does not interfere with the security or efficient functioning of or unobstructed access to the said works.

All expenses incurred in the installation of the said works and for repairs, alterations, and maintenance thereto, and in the performing of any and all covenants herein agreed to be performed by the Grantee shall be borne and paid for by the Grantee, and the Grantee covenants and agrees to indemnify and save harmless the Grantor, his successors, and assigns, from any and all loss, damages, or other expenses in any way arising from or caused by anything done hereunder.
